**RE: Sharda Spiromesifen Technical
EPA File Symbol 82633-AE (Decision-575318)
Response to 75-day Letter Dated March 1, 2022**

Dear Mr. Benbow:

Wagner Regulatory Associates, Inc., as agent for Sharda Cropchem Limited (EPA Co. 82633), is hereby responding to the 75-day deficiency letter dated March 1, 2022 concerning the above referenced product containing the active ingredient spiromesifen (PC code 24875).

In the 75-day letter, it states "As a result, a more definitive test must be conducted to satisfy this product chemistry guideline." Therefore, the response assigned MRID 51418809 is being provided along with the following documents this response:

- Letter from Sharda Cropchem Limited appointing Wagner Regulatory Associates, Inc. as its agent
- Application for Pesticide Registration (8570-1)
- Certification with Respect to Citation of Data (8570-34)
- Data Transmittal Document
- Data Reports as outlined in the transmittal document
- Data Matrix – Internal
- Data Matrix - External

Please note that the definitive tests conducted according to test guidelines for OCSPP 830.6314 conclude that this technical grade active ingredient does not indicate strong potential to react with oxidizing or reducing agents.

If you have any questions concerning this response to the 75-day deficiency letter, please do not hesitate to contact me at (Office) 302-635-7289 or (Mobile) 510-0039 or via email at tim.t@wagnerreg.com.

Respectfully submitted,

S. K. Theodorakis
Agent for Sharda Cropchem Limited
